# EVENT OVERVIEW

**9th ELASIA-2022** (International Exhibition on Electrical, Power, Controls & Lighting) was organized by Triune Exhibitors Pvt. Ltd. in association with ELCA (Electrical Consultants Association of India) from 24th to 26th June 2022 at Bangalore International Exhibition Centre (BIEC), Bangalore. This event was a grand spectacle of the latest technological advances in Electrical & Power Sector and a excellent forum for interaction between Manufacturers, Suppliers and Users of the growing Indian Market. The Exhibition focused on bringing awareness on latest developments in Power Generation, Distribution, and Utilization and Technological development in the Electrical Industry to the door step of the practicing technocrats as well as the common man.

**The Inauguration was held amidst a host of luminaries namely**

**Shri. Ashok Kheny** - Former Member of the Karnataka Legislative Assembly.

**Mr. G. Kumar Naik, I.A.S** - Additional Chief Secretary to Government, Energy Department.

**Mr. Gopuraj N** - Division Director, ABB India Limited.

**Mr. Bhawarlal (Kaka)** - Director, Director, GM Modular Pvt. Ltd.

**Mr. Pradyoth Varma** - COO, Consumer Lighting Division, RR Kabel Limited.

**Mr. KNNaidu** - President, ELCA.

**Mr. Cyril Pereira** - Managing Director, Triune Exhibitors Pvt. Ltd.

The main objective of the Exhibition was to consolidate brand image, witness live demonstration, establish business contacts and explore.

Apart from major leaders in the Industry, the event witnessed participation from MSME Segment of the Country. This was possible because of the subsidy provided by MSME.

A concurrent One - Day Technical Conference on **“SUSTAINABILITY OF DIGITAL SOLUTIONS FOR ELECTRICAL SYSTEMS”**, buzzing with the ideas and voices of specialists was the distinguished feature of the event. A series of prominent speakers addressed varying perspectives on Technology Advancements and Digitalization – Taking Electrical Industries to Next Level, Latest Trends and Opportunities in Fast Moving Electrical Goods, Reliable Electrical distribution system using Digitalization, Safe Electrical Wiring & New Introductions, Significance of Surge Protection Devices in Low Voltage Distribution System. The latest developments in the panorama were highlighted as part of the professional presentations and discussions.
